

# Non-Traditional Fixed Income Pooled Fund

F Series  
Category: Global Fixed Income

### Investment Objective

The Fund uses non-conventional strategies to generate returns with a low correlation to equity and traditional fixed income securities. It seeks to realize returns that are less volatile than bond market returns. The Fund may invest in a variety of asset classes including money market securities, derivatives, shares, fixed income securities, currencies or mutual fund securities offered with or without a prospectus.

**Disclosure**

NBI Mutual Funds (the “Funds”) are offered by National Bank Investments Inc. an indirect wholly owned subsidiary of National Bank of Canada and sold by authorized dealers. Commissions, trailing commissions, management fees and expenses all may be associated with investments in the Funds. Please read the prospectus of the Funds before investing. The indicated rates of return are the historical annual compounded total returns which include changes in the value of securities and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. The Funds’ securities are not insured by the Canada Deposit Insurance Corporation or by any other government deposit insurer. For money market funds, there can be no assurances that a fund will be able to maintain its net asset value per security at a constant amount or that the full amount of the investment in a fund will be returned. The Funds are not guaranteed, their values change frequently and past performance may not be repeated.
