NBI Balanced ETF Portfolio

Disclosure

NBI exchange-traded funds (the "NBI ETFs") are offered by National Bank Investments Inc., an indirect wholly owned subsidiary of National Bank of Canada, and sold by authorized dealers. Management fees, brokerage fees and expenses all may be associated with investments in NBI ETFs. Please read the prospectus or ETF Facts document(s) before investing. NBI ETFs are not guaranteed, their values change frequently and past performance may not be repeated. NBI ETFs units are bought and sold at market price on a stock exchange and brokerage commissions will reduce returns. NBI ETFs do not seek to return any predetermined amount at maturity. The NBI ETFs' securities are not insured by the Canada Deposit Insurance Corporation or by any other government deposit insurer.
 The performance of a NBI ETF does not match the performance of the index. The indicated rates of return are the historical total returns for the periods including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, commission charges or income taxes payable by any unitholder that would have reduced returns.
