

# NBI International Equity Index Fund

Investor Series

Category: International Equity

## Investment Objective

The fund's investment objective is to ensure long-term capital growth by replicating the performance of the Morningstar® Developed Markets ex-North America Large Cap Index\*\*, an index of large-capitalization companies located in those markets. To do this, the fund invests directly, or indirectly through investments in securities of other mutual funds or through the use of derivatives, in a portfolio composed mainly of shares of companies located outside of North America.

## Disclosure

NBI Mutual Funds (the "Funds") are offered by National Bank Investments Inc. an indirect wholly owned subsidiary of National Bank of Canada and sold by authorized dealers. Commissions, trailing commissions, management fees and expenses all may be associated with investments in the Funds. Please read the prospectus of the Funds before investing. The indicated rates of return are the historical annual compounded total returns which include changes in the value of securities and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. The Funds' securities are not insured by the Canada Deposit Insurance Corporation or by any other government deposit insurer. For money market funds, there can be no assurances that a fund will be able to maintain its net asset value per security at a constant amount or that the full amount of the investment in a fund will be returned. The Funds are not guaranteed, their values change frequently and past performance may not be repeated.
